[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO AUGUST 10.

WASHINGTON CITY.

The Centennial Fourth of July.

WASHINGTON, Aug. 9.—The President has appointed J. D. Croigh, of California, Commissioner to the Centennial Exhibition of Philadelphia.

Treasury Matters.

NEW YORK, Aug. 9.—Under an Arrangement made by Judge Richardson for the regulation of the new 5 per cent. loan, a sum of not less than twenty to thirty million dollars will be placed to the credit of the Treasury on or before the 25th inst., applicable to the payment of the old 6's bonds. The loan was taken by Cooke, McCulloch & Co., on account of a combination of London and continental banks.

Pleasanton's removal of lately considerable comment in political and business circles. Many heavy business men and bankers regret the necessity which led to the President's course, as among this class the Commissioner had strong supporters on account of his efforts to repeal the income tax last winter. There are statements made in a semi-official quarter that Pleasanton will make vigorous efforts to vindicate the action taken by him, and will endeavor to enlist Congressional influence in his behalf.

The Internal Revenue Office.

WASHINGTON, August 9.—The new Commissioner of Internal Revenue to-morrow will take up the subject of contract for supplying the Bureau with paper for whisky, tobacco and beer stamps, the prices for which have been ready for several months, but printing was delayed owing to the late trouble. The Commissioner to-day revoked the commission of Henry Bowman, who succeeded Clifford Thompson in the office under General Pleasanton. Other changes will take place in the Bureau, particularly affecting the revenue detective service in New York.

The Scott Centenary.

WASHINGTON, August 9.—The President has received the following dispatch from Mr. Dalkinth:

EDINBURG, August 8.—The proceedings of the National celebration of the centenary of Sir Walter Scott in the city of his birth on the eve of the beginning. Many distinguished Americans have received our invitations. We offer congratulations to the American people through their President, General Grant, himself of Scotch descent. May a lasting friendship subsist between them and us.

BY ATLANTIC CABLE.

Trial of the French Communists.

PARIS, Aug. 9.—At the sitting of the Court Martial to-day witnesses testified that they saw Ferre release convicts and give them arms. Abbe Perro said he had served five years as missionary among the savages and never witnessed anything equal to those perpetrated by the Communists. He stated that among members of the Court Martial held by the insurgents in Roquette prison were boys 17 years of age.

Ary boastfully admitted the share he had taken in the execution of captives, and defended it on the ground that he was justified by the law of retaliation, resorted to by all civilized nations in time of war.

The extraordinary statements of some of the witnesses and the audacity of the accused caused frequent scenes of excitement in the court room.

Dispatch from Berlin.

BERLIN, Aug. 9.—The Committee of Berlin Exchange has refused to allow quotations of the New York City loan in the official stock list.

The Emperor of Austria will meet Emperor William on the 14th at Welsic, in Upper Austria, and accompany him to Ischel, where they will remain several days.

EASTERN STATES.

New Jersey Politics.

NEWARK, Aug. 9.—The Democratic State Convention to nominate a candidate for Governor is called to meet in Trenton, September 13.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 10.—The wreck of the brig *Aimer* was shoved off the beach at the Cliff House into deep water last night by purchase upon anchors sunk beyond the breakers and will be towed into San Francisco for repairs this morning. She had been given up as lost and had been badly damaged by beach combers, who had cut away her mainmast, bowsprit and some of her deck beams.

The *Montana* yesterday brought up $47,000 in bullion from the old Triunfo mine, now called the Hormiguera. The Lower California and other mines in the vicinity of San Jose are reported as looking finely.

THE TAMMANY THIEVES.

[From the New York Times, July 30.]

The public indignation against the city authorities will not be diminished by the mode of defense adopted by the accused. It amounts to this: "True, we have been caught with stolen property in our pockets, but somebody else put it there. We think it must have been the Republicans. Anyway, we have got the money, and we mean to stick to it, and we defy the public to get a dollar of it back again." This is the plain and simple English of Mayor Hall's attempts to rebut the public demand for restitution by insolence and flippancy.

The attempt to place the responsibility for these frauds on "old Boards," "old systems," etc., is useless because the stolen money went principally into the pockets of Tweed, Sweeny, Hall, and Connolly, and these men have not denied the fact. The Mayor goes into an elaborate statement to explain why he does not bring a libel suit against us for the very plain charges we have made. We can give him a better reason than any which he adduces, because it is the true reason—namely, that men of his stamp have an invincible objection to showing themselves in the witness box. There is another place to which they have a still stronger antipathy, and that is the *prisoners' dock*; and to one or other of these conspicuous places we hope to force the Mayor and his confederates before we are many months older.

As for the *Herald*, we may congratulate it on having found its tongue. To be nobody in such a fight as this is bad for the *Herald*—better even is it to come out and defend the frauds. And this course, in its excessive attachment to Mayor Hall, and in lively remembrance of the city pay roll, it took yesterday. It first tries the worn but jaggle that the Board of Supervisors was responsible for the fraudulent warrants. We say again that Mayor Hall dare not go into any court with this defense. The city authorities took the money, and they are stealing quite as much to-day. The *Herald* further says that Mayor Hall was only elected in 1870! The strength of its eloquence may be estimated from that one statement. It is well known to every newsboy who hawks the *Herald* about the streets that Mayor Hall was elected in 1868. His name, with Connolly's, appears on every one of the warrants we have published. There was a time when the *Herald* would not have ventured to make a statement which could so easily be shown to be false in every particular.

Let the public remember these few points: 1. Not one of the accounts we have published has been disproved. 2. The Mayor admits their accuracy, but pretends that they have been published before, which is not true. We published them for the first time. 3. The Mayor coolly defies the public to obtain redress.

We leave the public to decide whether they or the Mayor shall conquer in such a struggle. As for Connolly, Hall, and the rest of the gang, the label we have stuck upon their backs is plain enough and big enough to be seen by the whole country, and it is likely to stick where we put it.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

Railroad Disaster in Maine.

BANGOR, Aug. 9.—As the Maine Central Railway train was entering the city to-night, the bridge across Hamden Road gave way, causing a smash up and killing one person outright and injuring thirty more or less seriously. The engine and a portion of the mail and express car had got across the bridge when the structure went down. The balance of the train, consisting of a smoking car, three passenger cars and one Pullman palace car, tumbled into the street. The smoking car plunged twenty feet into the street, followed by two passenger cars. All three were torn to pieces. The third passenger car plunged down, striking upon its forward end. Wm. Percival, brakeman, was instantly killed. One of the injured has since died.

Communistic Nonsense.

ST. LOUIS, August 10.—The National Labor Convention have adopted a platform on political organization upon which they propose to go before the country next year. It declares against all class legislation for the benefit of non-producers; that all able-bodied intelligent persons should contribute to the common stock, by useful industry, a sum or quantity equal to their own support, and legislation should tend as far as possible to an equitable distribution of the surplus; denounces present relations of employer and employed as practically the same as formerly prevailed between master and slave; it relegates to all aggregation of capital for any purpose as monopolies, and classifies them as banking, railroad, manufacturing, commercial and grain monopolies. They propose, as remedies for these "evils," the withdrawal of all currency not a full legal tender and the issuance of paper currency which shall be a legal tender for the payment of all debts, public and private, duties on imports included, and be interchangeable at the option of the holder for three per cent. Government bonds; paying the National debt in accordance with laws under which it was originally contracted, in gold where specifically provided, but all other indebtedness, including principal of the 5-20 bonds, to be paid at the earliest option of the Government in legal tenders without funding in long bonds or in any way increasing the gold-paying or untaxed obligations; that the Government shall preserve inviolate the public domain to actual settlers; a tariff for revenue alone restraining or, if necessary, abolishing corporate monopolies; interdicting class legislation; subjecting the military to civil authorities; reducing the army to a strictly peace standard; and confining its operations to national purposes alone; requiring expenses of future wars to be collected from the wealthy of the country; an Indian policy founded upon national justice; holding legislatures to a strict accountability; by requiring submission of projects of annexation of territory to a vote of the whole people; prohibiting the importation of coolies or other servile labor; encouraging co-operative effort and building up of the manufacturing industries of the country; granting general amnesty, and the immediate restoration of the Union on the basis of equality of rights and privileges to all classes and interests; the creation of a board of management of currency and revenue to consist of such a number of intelligent business men as may be necessary to transact the financial affairs of the government in all its details; same rule to be applied to Post Office and Interior Departments as far as may be practicable to the Secretary of the respective departments to be President of such Boards.

Louisiana Politics.

NEW ORLEANS, Aug. 10.—The feud between the two wings of the Republican party resulted yesterday in the holding of two separate conventions. The State Central Committee had called the regular Convention to meet at the custom house building, the entrance of which was guarded at an early hour by the United States Marshal and a number of Deputies, together with two companies of United States infantry. Gov. Warmouth and his followers were denied admission by the Deputy Marshal until the regular hour of meeting, and consequently organized another convention at Turner Hall, which elected Senator Pinchback, President, after strong speeches denouncing the action of the United States Marshal and custom house officials, and the passage of a resolution requesting Senator West to introduce in the next Congress a resolution of inquiry directed to the President and other officers of the Government asking for information in their possession with regard to the use of the custom house for a convention, and authority given the United States Marshal in appointment of Deputies, and use of United States troops to suppress a convention. Another resolution was referred demanding the removal of the United States officials here.

The custom house Convention after bitter speeches on Warmouth, adopted resolutions guaranteeing to place every child in free schools, approving the limitation of State debt to twenty-five millions; calling upon the Governor to preserve the peace; declaring that Gov. Warmouth no longer enjoyed the confidence of the Republican party; instructing delegates to vote for Grant for President at the next National Republican Convention; declaring that the New Orleans *Republican* is no longer the organ of the Republican party; asking the administration to withdraw Federal printing from it, and thanking President Grant for protecting them. All Federal officials were elected on the Central Committee.

Railroad Disaster in Texas.

NEW ORLEANS, August 10.—The up train on the Houston and Great Northern Railroad, pushing two flats containing officers of the company, was thrown off the track by obstructions placed on the track by malicious persons, 15 miles above Houston, Texas. C. Y. Young, President, and Wm. M. Wilson, assistant Chief Engineer, were killed. Tarbor, brakeman, was probably fatally, and C. E. Noble, Chief Engineer, severely injured. Others slightly hurt.

BY ATLANTIC CABLE.

Revolutionary Organization in Russia.

NEW YORK, Aug. 10.—The *Herald's* St. Petersburg special mentions the discovery of the existence of an organization, with apparently a well concerted scheme aimed at the Government and Empire, whose plans are indicated. The association is in concert with organizations on the continent. Among arrests made were noblemen, merchants and tradesmen. The prisoners manifested total ignorance of the objects for which the society worked.

The French Assembly.

VERSAILLES, Aug. 10.—In the Assembly last evening Dumas submitted a motion providing for the distribution of remuneration for losses sustained by the Departmental during the war, the hands of Commissioners to be appointed from the people of the other Departments. The proposition is violently opposed by *Victor Le France*. It has not been acted upon.

Three years prolongation of Thiers' power will probably be introduced to-morrow. It provides for resignation in the event of the dissolution of the Assembly before the expiration of the term.

The Emperor has not yet ratified the convention for the evacuation of Seine Oise.

LONDON, Aug. 10.—Marshal McMahon and Count Flavigny are expected to visit Ireland.

A Communist Sentenced.

VERSAILLES, August 10.—The Court-martial sentenced Rogues, former Mayor of Cateau, to penal servitude, for life. The official prosecutor insisted that the language of the accused entitled him to favor.

OREGON.

There are fourteen money order offices in Oregon.

The wife of J. H. Douthitt, an old citizen of Lion county, died last week at Ochoco.

The following telegram was received last evening from Marion Station on the railroad: Mr. Abraham Seirck, a veteran of the war of 1812, aged 86 and his wife aged 70, are here on a visit. They walked from their home in the forks of the Santiam, a distance of five miles. They are both hale and hearty, and have promise of years yet to live."

THE SAN JUAN BOUNDARY.

CANADIAN VIEWS—J. C. FREMONT'S MAP.

[Washington Dispatches, July 28.]

At last the Canadian newspapers have become so definite in their statements regarding the United States map they claim to have discovered, which represents the island of San Juan as wholly without our boundary, as to render the ill finding of the map they refer to no easy matter. As already surmised by those acquainted with all the documents relating to the boundary dispute in the State Department, it has no value whatever as evidence in the matter, and does not even relate to it. Its history is this: February 2, 1847, the Senate, on motion of Senator Benton, authorized a contract with Charles Preuss for drawing a map of Upper California and Oregon from materials collected by Colonel Fremont. In the brief explanation made by Benton there was no allusion to the boundary question, but the whole object was to correct former maps of the sections actually explored by Fremont, and the Straits of Fuca were not even visited by him. On the 8th of June, 1848, on motion of Senator Benton, the following was passed:

Resolved, That the Secretary of State be authorized to contract for lithographing and printing twenty thousand copies of J. C. Fremont's map of Oregon and California reduced from the original according to a projection to be furnished by said J. C. Fremont.

No remark or debate of any kind attended the passage of this resolution. The map was lithographed as ordered, and attached to a House document of the Thirteenth Congress.

It is in size twenty-six by thirty-three inches, and the imprint is the following: "Map of Oregon and Upper California, from the survey of John Charles Fremont and other authorities; drawn by Charles Preuss, under order of the Senate of the United States." Upon it are traced Fremont's routes and these nowhere in Oregon extend north of the valley of the Columbia. The dotted line, with colored shading, through the straits of Juan de Fuca is laid down on the map, as the Canadian press claims, but neither the map or the accompanying texts of Fremont make any claim to a survey of the channel islands in the straits. There are none of them named, and the whole drawing of the topography of the straits is of a vague character. A comparison of these unnamed groups of islands with good maps of the channel show that the intention was to indicate Rosario Strait as the line of boundary, even passing to the eastward and southward of Smith's island, but this line, whether drawn at a venture, or by a design by Mr. Preuss, was neither drawn from actual survey or from notes of Col. Fremont, and the Senate never took the least action of any kind on this part of the map. It has never been used by either the United States or England in the long discussion of the San Juan question. So far from the Government having tried to suppress the map, as the Canadians are claiming, it printed 20,000 copies, and it exists in all the regular files of the Senate and House, and was also mounted for the committee rooms. No one heretofore has regarded it as in any way bearing on the San Juan question. The only allusion to the map by Col. Fremont in the text of the geographical memoir to which it is attached is the following:

"The map of Oregon and California presented with this memoir is only part of the performance of the Senate order of February 5, 1847. That order contemplated a topographical and descriptive map, for which there is something material on hand, but not enough to complete the work on the plan required, or in any way to do justice to the subject. As now and before the Senate, it may be assumed to be the best that has yet appeared, but is still imperfect and incomplete."

Thresh the Grain Early.

[From the American Agriculturist.]

It is always economical to thresh early. We would advise every farmer who can possibly do it, to thresh his wheat, rye, or oats, as the crop is drawn from the field. There are many considerations in favor of doing this: 1. By reason of the state of dryness in which it is hauled off the field, the grain is in better condition for the thrashing machine than at any other time (or certainly as good). 2. Only one handling is necessary, and thus labor is saved. 3. At harvest time grain is almost always in better demand by millers, and, in the general market, often brings a higher price than at any other time. Taking one year with another, it will be found that this is the most advantageous time to market grain. If a farmer holds his grain for speculation, very well: he has a right to become a speculator, if he can bear; but we hold, as a general rule, that as soon as the farmer has his produce ready for market, then is his best time to sell. The earliest markets are almost invariably the best. We were once enabled to sell the whole of our crop of wheat at a high price, for need, because we had thrashed in time, and none of our neighbors had. Lastly, and most worthy of consideration, is the fact that, by thus early thrashing and marketing, the destruction by vermin—rats, mice, weevil, etc.—is prevented. We believe that ten per cent, at least of the grain put into barns, is lost there—unintentionally, of course, but not the less surely—for the benefit of the rats and mice. A granary may be made rat-proof, but a barn cannot, and, if it could, would soon be stocked by the animals carried in from the field among the sheaves.

If four horses are kept on the farm, one pair may be hauling while the other is at the machine. If only a single team is kept, they can be unhitched from the wagon, put into the machine, and as soon as the load is thrashed then taken to the field again for another load. While loading, two extra hands may be profitably engaged putting away the straw or cleaning up and bagging grain, or storing it in the granary.

If it is impracticable to thrash the grain as it is drawn, we would stack it close to the barn, make the top secure for a few days, and as soon as possible thrash it out. Even this mode would tend to save labor as well as grain, and on a small or new farm, where machines are not yet introduced, any plan whereby labor can be saved is worthy of consideration and adoption.

POLITICAL NOTES.

The Republicans of California are working like beavers all over the State, and the greatest enthusiasm prevails. Booth and Eastman are in the central portion of the State.

The Austin *State Journal* says that "in Texas one of the chief labors of the Republican State Administration has been to ascertain and provide for the debt which the Democracy, when in power, incurred but did not pay."

When the new City Hall of New York was projected it was to cost about $2,000,000. Something like $12,000,000 has already been expended on construction accounts, and nearly $6,000,000 for furniture and repairs. Some twelve years have been consumed in bringing the structure to its present condition, and still it is far from completion. It bids fair to continue to be a profitable pet to the shameless thieves that now rule in that city.

The Republicans of San Francisco will put no municipal ticket in the field. The *Bulletin* says: It is in the power of the Taxpayers' party, containing as it does the best elements of the Republican and Democratic parties, to cut a clean swath at the next election. If every man on this ticket is elected, it will be chiefly because every man is worthy of an election. We assume that the Taxpayers' organization will be stronger on the day of the municipal election by some thousands than the entire opposition.

THE TERRITORIES.

A petition is in circulation for a land mail route from Vancouver to Kalama.

The *Pacific Tribune* states that after examination, there has been found no deficit in the moneys of which Dr. Lamber, U. S. Depositary, is custodian.

Our neighbor of the Kalama *Beacon* seems to pity the insignificance of Portland, and sneers at Kalama's "little up-river neighbor." Can't Kalama content herself with her superiority without this added nota at Portland?

From the Kalama *Beacon*: A party of three men returned on last Saturday evening from a prospecting expedition up Lewis river, thing for placer diggings. They report that about thirty miles up the stream they found bar-diggings that will average from two to three dollars a day, and they show several dollars in dust which is purport to have got at their Lewis river claims. What seems to give substance to the report is the fact that these men are preparing to immediately return to these mines.

CURRENT NOTES.

The aggregate of the indebtedness of the several States of the United States in 1860 was $225,938,769, in 1866 it was $340,624,966, and in 1870 it was $344,217,990.

It turns out that the New Idria Mining Company, which had been the opponent of McGarrahan in his claim before Congress, cannot perfect their title to its mining claim on which they operated, because they are foreigners. The Messrs. Barron, Englishmen, are the principal stockholders in the Company. The Messrs. Barron have a controlling interest in the great Pacific coast moneyed monopoly, the Bank of California; so that virtually foreigners control the whole moneyed interest of the entire Pacific coast.

A *Tribune* Washington special says the rejection by Secretary Boutwell of the $600,000 claim of Kentucky for war damages has occasioned much severe comment on the part of Kentuckians, who charge partisan motive on the Secretary. The claim is a very old one, and was pushed with great energy during Mr. Johnson's administration, and notwithstanding the friendly relations existing between the ex-President, Secretary McCulloch and the Congressional delegation from Kentucky, by whom the claim was urged, the former Administration steadily refused to allow the account.

The Daily Oregonian.

FRIDAY MORNING, AUGUST 11, 1871.

The Great Topic of the Day.

The opposition press attempt to parry the blows given by the New York *Times* in its exposure of the frauds in New York by alleging the motives of that paper. We do not perceive that this has anything to do with the merits of the case. The people are indifferent to the motives of the *Times*, and are concerned only with the truth or falsehood of its charges. That its charges are true has not been denied. The city authorities have virtually confessed their truth, but have attempted to exculpate themselves by saying that the fraudulent accounts were allowed by the old Board of Supervisors, and that the Mayor and Controller had nothing to do but sign the warrants.

The *Oregon Herald*, in a very long article, endeavors to show that the *Times* in making these exposures is actuated by a desire for personal revenge, that it once had a portion of the corporation advertising, and on this patronage being taken away, it began to attack the authorities, and denounce them as swindlers and thieves. This is wholly aside from the merits of the question. It is not a matter of much interest what the motives of the *Times* may be, but the real question is, are its charges true? That they are true is now substantially admitted. The *Oregon Herald*, however, declares that they properly belong to the Radical Legislature of New York. Of this presently, we shall first quote from the *Times* in reply to those who assail its motives:

Mayor Hall has told the public what the *Times* has received. But he dare not say that we have received pay for over charges, for work not done, or for advertisements. We have never asked for a city advertisement, but we voluntarily rejected the city advertising when we found that it could only be had at the cost of gagging the paper.

Thus, I trust, is a sufficient answer to all imputations about motives. But to make the case so plain that he who runs may read, we quote also on this point from the New York *Evening Mail*, a paper entirely nonpartisan:

The claims presented by the *Times* to-day have startled our whole community. That such enormous charges had been allowed and paid we did not believe until they had been presented with minute detail by a responsible journal and until they had remained virtually uncontradicted by the city government long enough for reply. We have waited a few days before commenting on these accounts until the organ of the Mayor, the *Hourly Leader*, which is published to-day, should appear. Last week we presented side by side the exhibits then made by the *Times* and the Mayor's reply. The latter was neither pertinent, ingenuous nor at all effective. The leading article in the *Leader* to day makes out no better defense. Its assaults on the *Times*, or on its managers, are of no interest to the public, as they are of no value to the discussion. The great community of taxpayers, who are now thinking and talking of little else than the tremendous exhibits made by the *Times*, would not listen a second to the most complete demonstration that the *Times* had been a corrupt and unprincipled sheet from the beginning, and that all of its editors and owners were fit candidates for Sing Sing prison. These are subjects which an aroused and indignant public sentiment with no compromise on official misconduct will not allow to distract it. It is not the *Times* that is on trial, but the city authorities.

We hope the *Herald* will be able to comprehend this plain speaking. Now as to the attempt to lay these frauds at the door of a Radical Legislature:

The old Board of Supervisors by whom these accounts were audited was, indeed, created by an act passed by a Republican Legislature. It was originally composed of six Democrats and six Republicans, in order that it might be thoroughly non-partisan. It so stood for several years, but in 1867 one of the Republican members of the Board withdrew, and a Democrat was put in his place. This made the Board Democratic by two majority. Tweed was the leading member on the Democratic side. All these fraudulent accounts which the *Times* has unearthed were audited by this Democratic Board. A Republican member of this old Board—Smith by name, has just published a letter in the *Tribune* in which he states that he contended with all his might against these fraudulent allowances, but was overborne by Tweed and his associates. So now it will be seen how these frauds are "chargeable to the Radicals." The money was voted out of the Treasury by a Democratic Board of Supervisors, and the warrants were approved and signed by a Democratic Mayor and Controller. Thus these transactions which the *Oregon Herald* denominates "fraud and robbery," are Democratic in their whole scope and character.

The revelation of these Democratic frauds in New York has produced a prodigious sensation throughout the whole country. It is *the* question of the time, and is so regarded from one side of the continent to the other. It furnishes an indication of what might be expected on an immensely greater scale at Washington in case the Democratic party, handicapped by the Tammany gang should get into power there. What a promising prospect for the country such an event would be!

Recent Events and their Probable Effect.

The probable political consequences of recent events in New York, beginning with the riot on the 12th July and including the revelations of astounding frauds perpetrated on the public treasury by the agents of the Democratic ring, are being canvassed and discussed throughout the length and breadth of the country. Take New York from the Democratic party, and that party will have no standing whatever in the contest for the Presidency next year. And it is believed that recent events have put in motion a train of circumstances which will completely rout that party in the State of New York and give the State back to the Republicans, from whom it was wrested only by the most shameless frauds. On the Democratic side there is discontent among a large part of the voters and consternation among the leaders. The Irish element is terribly exasperated. They hold frequent meetings at which they denounce in bitter terms Gov. Hoffman and all Democrats who commend him for his course in regard to the Orange procession. At a recent meeting one of the speakers said:

You have been always led to suppose that the Irish ruled the city of New York, and, when you pledged yourselves to support Hoffman and those who nominated him, he and they assured us in turn *that everything obnoxious to us should have been abolished.* Have they kept that promise?

Not only do expressions like these indicate the dissatisfaction of the Irish voters, but they also operate injuriously upon the party in another way. Every one can see that the party must be severely injured by such expressions from a numerous class of its supporters. But this is not all. The Germans have taken up the matter. A few days ago a most significant movement was started by influential Germans of New York City, who propose to form a party in opposition to the ruling politicians and make them feel their power in future elections. The movers of this organization intend to consolidate the immense German vote of the city against the plunderers and thieves, and to act further as the public good may seem to require. This the New York *Herald* characterizes as the "most significant movement of the season." It is evident that the time is ripe for a political revolution in New York. The Republicans, as the *Herald* says, are settling their differences and are straining every nerve to take advantage of the present situation. There is, indeed, great reason to believe that the State of New York will go Republican this fall. And then away goes the last hope of the Democracy for next year!

We reckon it is now tolerably easy for everybody to see how the Democratic leaders in New York got to be millionaires. Also, why it is that they have not published an exhibit of the accounts for the space of three years. Also how it is that they have been enabled to run up the Democratic majority in New York City to 70,000, and with it to overbear the honest vote of the State. The Democratic party of the United States is built on the Tammany organization of New York. The country now sees what a basis that party rests upon.

The dispatches state that the honest German bankers refuse to allow quotations of the New York City loan in the official stock list. This shows the repute in which the honorable business men of a foreign country hold the princely thieves of our metropolis.

F. G. Schwatka, an Oregon cadet, just graduated at West Point, has been appointed Second Lieutenant in the Third Cavalry, to serve under Gen. Crook.

PACIFIC COAST DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 10.—The attendance at the Fair to-day is very large, though no department is yet complete, and goods are being brought in every hour.

As the time for drawing of the several gift enterprises is the late fair approaches, the sale of tickets is again quite brisk in San Francisco. Tickets for the Placerville enterprise to be drawn September 13th, are now selling quite freely.

The ship *John Bright* sailed for Liverpool to-day, with the second cargo of new wheat for that port this season.

The schooner *Humboldt*, of the coast survey, which was to have conveyed the scientific party from Astoria to Alaska, returned here, leaking badly, and will go on the dry dock for repairs.

SAN FRANCISCO, August 10.—An election for directors and officers of the Central Pacific and California Pacific Railroad Companies, now merged into the Central Pacific, was held to day. There will be no change in employees, or for the present in the hours of running on the Vallejo route. The officers elected were: President, Leland Stanford; Treasurer, Milton S. Lathan; Directors, C. P. Huntington, Mark Hopkins, E. Miller, George E. Grey and Thomas Maguire.

The dissatisfied Republicans have declared their intention this evening to nominate a full ticket and put a straight out-and-out Republican legislative ticket in the field. Rumor credits Jacob Deith and A. J. Bryant with being the prime movers in this movement.

The Democratic Municipal Convention has been all the evening trying, without success, to nominate a Supervisor for the Tenth Ward.

Disputes from Los Angeles.

LOS ANGELES, August 10.—A short time since, during a dispute between Conner, who lived on the La Paz road, and a stranger unidentified, the stranger was shot and instantly killed by Conner, who then fled to the mountains. His remains were found by a passing party, showing that he had perished miserably of thirst.

A Spanish American Republican Club has been organized in this city.

Horse thieves made a general raid into the city last night. They visited three localities and made a clean sweep at each place.

Stage Robbery.

GILROY, August 10.—The Visalia stage which left here at seven o'clock to-day was stopped about eight miles from here by four highwaymen. They succeeded in getting about $300 from the passengers. Wells, Fargo & Co.'s treasure box was not taken.

ARIZONA.

Miscellaneous News.

SAN DIEGO, August 10.—The Tucson, Arizona, *Citizen* has the following:

John Wasson of Tucson, has been appointed one of the Commissioners to celebrate the Centennial anniversary at Philadelphia.

Gen. Crook and command are at the head of Urbeja canyon. The whole machinery of the command is daily improving. The people have high hopes of Gen. Crook's operations.

NEVADA.

Fires on the Railroad.

RENO, August 10.—Information received from Emigrant Gap station states that a fire was discovered near Osborne's store, about 2:30 this morning, which spread so rapidly that the inhabitants had hardly time to escape with their lives. Everything at the station was destroyed together with about half a mile of snow sheds.

WINNEMUCCA, August 10.—A fire occurred here this morning, at half past 12 o'clock, destroying six dwelling houses in the north part of the town. Cause, unknown. Loss, about $4,000.

An Eccentric Translation of the Psalms.

"Burleigh" writes to the Boston *Journal*:

We bid fair to have as many translations of the Bible as we have different compilations of hymns. Besides the organizations formed for the purpose of translating the Bible, private individuals are trying their hands at the work of mending King James'. A distinguished, but eccentric Doctor of Divinity is said to employ his leisure on a free translation. I was in a religious meeting last week where specimens of this new work were exhibited and read. I send you the translation of the 23d Psalm:

Diety is my pastor. I shall not be indigent.

He causeth me to recumb on verdant lawns. He conducteth me beside the unripled liquidities.

He reinstatoth my spirit, he conducteth me in the avenues of rectitude from the celebrity of his appellations.

Indubitably, though I perambulate the glen of the sepulchral dormitories, I shall not be perturbed by appalling catastrophes; thy crook and thy wand insinuate delectation.

Thou positest a reflection for me in the midst of inimitable scrutines; thou perfumest my locks with odoriferous unguents; my chalise exuberates, unquestionable benigty and commiseration shall continge all the denturity of totality, and I will eternalize my habitance in the Metropolis of Nature.

An attempt was made on the 3d inst. to blow up the Cosmos mill, near Silver City, Idaho. Our informant states that by some means powder was introduced into the furnace and there was a terrific explosion. One side and end of the furnace was blown out, and the iron doors were thrown a considerable distance. One of the walls of the building was also thrown down, falling outward. The concussion was so great as to shake the ground as if an earthquake had occurred. The theory is that some malicious villain placed giant powder in the wood used in the furnace, for the purpose of blowing up the boiler and destroying the mill. Mr. R. H. Leonard, well known formerly by many in this city, is lessee of the works. He offers a reward of $500 for the arrest and conviction of the scoundrel who perpetrated the diabolical act.

If coming events cast their shadows before, there surely can be no mistake about the success of the Republicans of California, next month. Daily the prospect grows more and more auspicious. In several counties the Democrats are hopelessly divided. In Amador, where Gov. Haight recently sent his troops to put down a strike of the miners, the Democratic Convention split, John Eagan, Secretary of the Miners' League, and fifteen other delegates withdrew, stating that it was not a Democratic Convention, but an array of capital against labor. The disaffected voters will run a ticket of their own or join the Republicans, in either event insuring the success of the latter. Dissatisfaction exists also in Santa Clara, Sonoma and other counties. On the other hand there is not a discordant voice among the Republicans of the State.

REMARKABLE CURE OF MRS. HOOVER.

TUALATIN PLAINS, WASHINGTON CO., OREGON, July 22, 1871.

DR. A. M. LORYEA—I have been troubled with Rheumatism for the past twelve years; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a large bone swelling grew out, so that I could not raise my hand to my head.

Since last spring I have been taking your "Uni Wood Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder and THE BONY GROWTH HAS ENTIRELY DISAPPEARED and I use my limbs and am far better than I have been for years.

CONGREGATIONAL SUNDAY SCHOOL MEETING.—A Conference Sunday School meeting will be held this evening at the Taylor street M. E. Church. The exercises will consist principally of singing by the children, and five minute add resses by a number of the ministers attending Conference. All persons connected with the Sunday Schools of Taylor street, Hall street and East Portland M. E. Churches, are requested to be present, and cordial invitation is extended to the children, teachers and friends of Sunday Schools of other denominations to participate in the exercises. Services to commence promptly at half past 7 o'clock.

EXCURSION AND REGATTA.—The Neptune Rowing Club of this city has chartered the O. S. N. Co.'s steamer *Dixie Thompson* for an excursion to Columbia City and Kalama, on Sunday, August 20th. Upon the return, the steamer will stop at Columbia City, where the long talked of regatta by the Rowing Club will take place. There will be two rowing races—one between professional club crews, the other between amateurs. There will also be a "Post Chase" and a "Log Race," the latter open to all, and every one to furnish an immense amount of fun. Tickets, $1 each for the round trip, to be had of any member of the club.

THE CONDITION OF MR. CAREY.—Mr. E. Carey, who was the victim of the runaway there on Wednesday afternoon, proved to have received very serious injury. During the night following the accident, he ejected blood plentifully, showing that one lobe of the lungs had been injured, and yesterday he was so sore that he could neither move or be moved without extreme difficulty and pain. The attending physician, Dr. Chapman, still expresses the belief that he will

PASSENGERS FOR CALIFORNIA.—Hutchinson, Kohl & Co's steamship *Constantine*, Thorp, Commander, sailed at seven o'clock last evening for San Francisco, with the following list of passengers: T McEwen, L Peabody, M L Parsons, Mrs John Quinn and child, Mrs Davis, A S Price, R Stevenson, H A Quimby and wife, E Clark, F Hart, Henry Heitman, L Hirsch, J Goodlive and wife, Mrs B Noyes, Mrs M M Barr, Jesse Scholl, Jacob Bergstresser, Wm Hemsing, Mrs M A Lee, C F Hoag, P Hafis, Wm H Thomas, J Kohn, J Kindleberger, J L Clark, C H Heines, wife and child, Thomas Norval, Mrs Sarah McAkee, A S Williams, M Ellis, M L Sanders, I S Greenan, S Wait and wife, T Mallory, F Carpenter, S P Farrish, A P Samuels, E F Lahrs, J Mosell, O W Matthews, James Wright, E Previs, F McQuade, James Newman, John Brown, George A Quick, Morris Brown, M W Dwyer, J Verdier, George Walsh, A Lister, J Brainard, James Walker, M Coffin, H A Bruce, J Thomas and wife, David Gwinn, A H Winchell and family, S Waters, R L Jamison, S Carman and wife, and 38 others.

PASSENGERS FOR OREGON.—The N. P. T. Co's steamship *Orizimme* sailed from San Francisco for Portland yesterday, with the following passengers: Hon Geo H Williams, Isam White, Chas D Lauer, Rev T Frazer wife and child, Rev W Miller, wife and 2 children, Rev J K Hammond wife and child, Rev D B Gray and wife, Rev S H Marsh, W P Marsh, 2 Sisters of Charity, J D Dement, U P Upshur, A Gantley, O Hansel, O W Streeter, Miss M E Streeter, A Keefer, Mrs M Graham, Mrs R Smith and child, Mrs H S Jacobs, Mrs M W Thomas, M Gray & wife, R B Taylor wife and two children, S P Warren, A Nathan, W H Bunton, Miss E Blackburn, Mrs A L Whiting and child, P E Farrelly wife and 2 children, Mrs Dr Simonton and daughter, C D Birch and wife, E F Lewis, J J Reynolds, Mrs Reynolds, Mrs Thompson, W H Leigh, L Welheim, E A Watts, Miss M Fleming, Dr S A Boon and wife, Geo D Gardner, F Post, Wm Mixon, H H Bigelow, J W Viant, F G Schwatka, G W Hume, L Babcock and son, J H Wells and wife, F Baller, P B Boon.

CONFERENCE SUNDAY SCHOOL MEETING.—A Conference Sunday School meeting will be held this evening at the Taylor street M. E. Church. The exercises will consist principally of singing by the children, and five-minute addresses by a number of the ministers attending Conference. All persons connected with the Sunday Schools of Taylor street, Hall street and East Portland M. E. Churches, are requested to be present, and a cordial invitation is extended to the children, teachers and friends of Sunday Schools of other denominations to participate in the exercises. Services to commence promptly at half-past seven.

EXCURSION AND REGATTA.—The Neptune Rowing Club of this city has chartered the O. S. N. Co.'s steamer *Dixie Thompson* for an excursion to Columbia City and Kalama, on Sunday, August 20th. Upon the return, the steamer will stop at Columbia City, where the long-talked-of regatta by the Rowing Club will take place. There will be *two* rowing races—one between professional or club crews, the other between amateurs. There will also be a "Post Chase" and a "Long Race"—the latter open to all, and expected to furnish a immense amount of fun. Tickets, $1 each for the round trip, to be had of any member of the club.

THE CONDITION OF MR. CAREY.—Mr. E. Carey, who was the victim of the railway disaster of Wednesday afternoon, proved to have received very serious injury. During the night following the accident, he expectorated blood pretty freely, showing that one lobe of the lungs had been injured, and yesterday he was so sore that he could neither move or be moved without extreme difficulty and pain. The attending physician, Dr. Chapman, still expresses the belief that he will recover, though it may be a long time before he can get out and resume his occupation.

POSTOFFICES ESTABLISHED.—Mr. Underwood, Postal Agent, informs us that Postoffices have been established at Halsey, Turner's station and Brooks' station, on the O. & C. Railroad. New offices have been established, also, at Camp Creek, Lane county, and Ayr valley, Benton county. The postoffices at Luckamute, Polk county and King's valley have been re established, after suspension for a year or two.

A FINE WATER MELON.—This office is indebted to Mr. B. H. Robinson, of the Dalles, for a fine large water melon, of what variety we are not able to say, except that it was a variety not bad to take. In quality we think it fully equal to any of those imported from California. Some of the very best melons sold in this market, last year, were raised at or near the Dalles.

THE LATEST WEATHER ITEM.—For a day or two the weather has been decidedly cool and rather more than refreshingly breezy, occasionally. About 5 o'clock yesterday afternoon rain began falling gently, but about 6 o'clock the drizzle had grown to be a regular Webfoot shower, which continued till 8 o'clock, and at intervals till the hour of our going to press.

HELD TO ANSWER.—McCormick, the man who was arrested in this city and taken to Oregon City on the charge of murder in the first degree, for killing Tom Montgomery (half breed), was held to answer upon examination before Justice Wm. P. Burns, to appear at the next term of the Circuit Court for Clackamas county.

CUSTOM HOUSE SALE.—The sale of Chinese goods seized on board the *Edward James*, came off at the Custom House yesterday forenoon. The goods, consisting of tobacco, cigars, cigarettes, opium, medicines, etc., were mostly bought by Tong Duck and other Chinese firms.

COUNTY COURT.—No business was transacted yesterday further than to pass upon claims against the county. The Judge and Commissioners will meet at one o'clock, this afternoon, to continue the examination of the Clerk's and Treasurer's reports.

OREGON PATENTS.—Patents have been recently granted to Oregon inventors, as follows: William Parrish, Dayton—gang plow; William Hay and T. B. Freeman, Hillsboro—gang plow; A. M. Lovejoy, East Portland—medical compound or bitters.

BOHEMIA QUARTZ MILL.—Mr. Levi Knott of this city, who is interested in the Bohemia quartz mill, returned home yesterday, direct from the mines. He says that the mill is up and will be started next Monday.

ELECTION OF CONFERENCE DELEGATES.—The M. E. Conference will hold an election for ministerial delegates to the General Conference, at 10 A. M. to-day. The lay delegates will be chosen at 2 o'clock P. M.

STOCK BOOKS OPENED.—Capt. Jos. Kellogg has been authorized by the Tualatin Navigation and Manufacturing Company to open books for subscription to the capital stock of the Company.

FIRE EXTINGUISHER TEST.—The test of the obenhial fire extinguisher proposed by Chief Engineer Holman for last evening, did not take place on account of the rain.

SACRED MUSIC.—Rev. Dr. Atkinson has on hand a lot of Philip Phillips' Hallowed Songs, which he will dispose of to any who may want them.

AMUSEMENTS.

ORO FINO THEATER.—In consequence of the heavy shower of rain falling last evening from 6 o'clock till late in the evening, the attendance at Oro Fino Theater was rather small, but the small audience was thoroughly warmed into enthusiasm by the vivacity, piquancy and genuine dramatic talent of Little Marion Nathan. The child impressed everybody most favorably with her remarkable character representations, and there was more applause than we have been accustomed to hear from a *full* house. To-night she will appear in two new characters—Felix O'Callaghan in the two act comedy of "His Last Legs," and Paddy Miles in the laughable Hibernian farce of "Miles' Boy." The programme for Saturday is entirely new, consisting of musical and terpsichorean performances by the troupe. Everybody should go and see the charming and talented little actress.

MATINEE.—At 2 o'clock P. M. to-morrow the Nathan Juvenile Troupe will give their first matinee.

BALL.—The party at the Washington Guard's Armory last evening was rather a small one but quite an enjoyable affair.

ANNUAL M. E. CONFERENCE.

SECOND DAY—REPORTS OF PRESIDING ELDERS—INTER CHURCH AMENITIES—MEETINGS FOR TO-DAY.

The Conference met in the Taylor street M. E. Church at 9 A. M. Bishop Janes, presiding.

Following the devotional exercises led by Rev. Mr. Waller, was the roll-call by the Secretary, Rev. Wm. Roberts.

Sixty-two members, including the seven transfers of this year, responded to their names.

On account of the session occurring one week earlier than was expected, several members have not been able to yet be present.

The first business in order was passing the characters of the supernumerary and superannuated members. Thereupon a very interesting representation of the five districts of the Conference was made by their respective Presiding Elders and the characters of all the ministers in the active work, passed. These reviews of the year's work indicate wonderful advancement, enterprise and work for the lasting good of Oregon.

When the Umpqua district was under review, Rev. Mr. Parrish offered to donate a house and lot at Port Orford to said district.

Dr. Lindsley, the genial minister of the Presbyterian church of this city, was introduced to the Conference and extended hearty Christian greetings, which were felicitously responded to in behalf of the Conference by Bishop Janes.

The statistics of the present year were then read for correction, ready for publication, by the Statistical Secretary, Rev. L. L. Rogers. These statistics show a prosperity in all the minutes of culture and improvement, truly thrilling.

Notices were given, among which was one that there will be a Children's Meeting this (Friday) evening.

Yesterday afternoon about all the Standing Committees were in session working up their reports.

The Cabinet was in session stationing preachers for next year, and the Lay delegates hold a session.

Last evening, Rev. G. W. Izer preached to the preachers and people.

L. M. Starr to J. W. Cook and E. D. Bockenstos, lots 7 and 8 in block 221, city—$31 56.

PERSONAL.

T. Cameron, of this city, passed West from Ogden yesterday morning.

Ex-Senator Williams and Fred. G. Schwatka, an Oregon cadet recently graduated from West Point, are among the passengers by the steamer *Orizimme*, now out for this port.

BUSINESS NOTICES.

INCENTIVE.—We call attention to the advertisement of Janion & Rhodes. They import direct from Europe some very fine brands of brandy, wines, ale and porter, and are also agents for the celebrated "Cutter Whisky."

FOR TILLAMOOK.—The schooner *Mills Bond*, Capt. Corno, will sail for Tillamook Bay to-morrow.

For an Irritated Throat, Cough or Cold, "Brown's Bronchial Troches" are offered with the fullest confidence in their efficacy. They have been thoroughly tested and maintain the good reputation they have justly acquired. As there are imitations, be sure to obtain the genuine.

Biliousness and Indigestion.

These two complaints are more general at this season of the year than at almost any other. They are closely akin; for biliousness always involves an impaired digestion, and indigestion is necessarily an accompaniment of a disordered or torpid liver. Happy the man or woman who can boast of a stomach that has never felt the horrors of dyspepsia, and to whom that great secretive agent, the liver, has never given pain or trouble. Not one in a thousand can lay claim to entire immunity from irregularity in these organs. How, then, shall they be regulated? Not by powerful cathartics, alternated with ordinary stimulants, but by a medicinal invigorant, like Hostetter's Stomach Bitters, which combine in due proportion the tonic and the alterative principle. Wherever there is a church, a schoolhouse, and a general store, this famous medicine may be procured. No village merchant finds it prudent to be without it, for it is enquired for every day by every class. The workingman buys it because it increases his capacity for toil and is followed by no reaction. The effect of the salubrious roots, herbs, etc., of which it is composed, diffused through his system by the pure stimulant which form the basis of the Bitters, is most healthful and invigorating. The scholar, the merchant, and, in fact, all men, whose minds or bodies, or both, are in constant exercise will derive benefit from its use. To persons of sedentary habits it supplies, in some measure, that activity in the circulation which is obtained by physical exertion, and is the best known remedy for constipation.

Ask for Hostetter's Stomach Bitters, and do not be coaxed into purchasing any of the imitations and frauds sometimes offered in its stead.

MILLS SEMINARY.

REV. C. T. MILLS AND WIFE, FOR the past six years Principals of the Young Ladies Seminary at Benicia, are happy to announce to their patrons and friends, that the next term of their well known Institution, will open

Wednesday, August 2, 1871,

In their New, Commodious and Beautiful Building, just completed at SEMINARY PARK, BROOKLYN.

As most of the able and experienced corps of Teachers, with valuable accessions, as well as the fine classes of pupils now pursuing their studies remove with them, the school remains essentially unchanged with greatly increased facilities for physical comfort and intellectual culture without additional expense. Mr. and Mrs. Mills believe they can accomplish much more for their pupils in the future than they have been able to do in the past, and that this Institution offers unrivalled advantages for a thorough and finished education.

All communications relating to admission and all letters of inquiry should be addressed to

Can be had. Another advantage this Property will have for Residences: no high water will ever affect the drainage of the city.

The Oregon and California Railroad Company's New Ferry Boat is now making Regular Trips from the Foot of F street, Couch's Addition, to the Foot of Oregon street, Holladay's Addition.

IMPROVEMENTS TO BE MADE:

Aside from gigantic Improvements now in contemplation by the Railroad Company, in the construction of Wharves, Warehouses and Machine Shops, quite a number of citizens will commence erecting fine Residences and Business Houses; also, Street improvements, under contract, by grading and planking Holladay Avenue its entire length, to connect with the Sandy Road. We can say that at least a Half Million Dollars will be expended in Permanent Improvements on this Addition the present season.

TERMS OF SALE—40 per cent. CASH down, deferred payments six and twelve months, with interest at the rate of 10 per cent. per annum.

NO QUESTION AS TO TITLE

The Title to this property is undisputed, being a portion of the Donation Land Claim of Jacob Wheeler and wife, United States Patent issued, and conveyed by said Wheeler and Wife to Geo. W. Weidler.

Parties desiring to invest will find Maps and Plats of the property at our Office, at the Office of Henry PERRY, HENSELT & WOODWARD, and other LAND AGENCIES in the city.

H. SINSHEIMER.

A Railroad Magnate in Peru.

[From the San Francisco Bulletin.]

A writer in the *Overland Monthly* for August gives an account of the railroad operations of Harry Meiggs in Peru. We had supposed that some of our California railroad kings were without rivals in ambition and wealth. But this modern Count of Monte Christo down in Peru occupies a palace, "on one of the finest avenues in the world," costing upwards of $600,000. If it is more than one story, and is not built of adobes, it puts into the shade any "palatial residence" in California, not excepting the Governor's mansion at Sacramento, which at last accounts, had not received its final coat of stucco. But then, as one of the luxuries of living in such a palace, the occupant had the felicity one fine morning of opening a single begging budget asking for no less than $188,000; these modest requests all coming from strangers.

For $12,000,000 Meiggs contracted to build the road from Mollendo on the coast to Arequipa. The road was opened in January last. Two thousand invited guests, including the heads of the Government in Peru, joined in the celebration, which lasted two weeks; the expenses footing up $200,000, were paid wholly by Meiggs. The same bold operator then took a contract to extend the Arequipa road across the Andes, to Puno, a distance of about 230 miles. At the same time he entered into a contract to construct a railroad from Lima across the Cordillera to a place on the eastern slope, called Oroya. The considerations for these two contracts was about sixty million dollars. The line from Arequipa to Puno crosses the Andes at an altitude of 14,665 feet; the Oroya road crosses the mountains at an altitude of 15,300 feet. It is intended to continue the last mentioned road to the head waters of the Amazon. Then Meiggs leased the road from Mollendo to Arequipa, paying to the Government three per cent. on the capital, or about $360,000 a year. The writer sums up by showing that Meiggs, besides being the contractor of four railroads amounting to one hundred million dollars, deals extensively in guano, owns a bank at La Paz, and is engaged in other important enterprises.

It turns out that Harry Meiggs lives in the most costly house, has taken the largest railroad contracts, and is probably the wealthiest individual on this continent. Added to all this he is taken to be a very clever fellow, as the world goes.

There is but one thing more for Harry Meiggs to do to make this record a very complete one. Let him send up a first class steamer to this city, with an invitation for every man who suffered loss directly or indirectly by his closing operations here, to visit him at his railroad palace in Peru. When the guests sit down to the first feast, and before drinking the health of their host, let each turn over his plate and find a check, covering with good hard dollars, without discount or compromise, just the amount which will make good with interest all these little bills. When that is done, no one will wish to take the railroad crown from the magnate of Peru.

The Next Governor of California.

Says the Sacramento *Union*: The San Francisco *Pacific*, a religious paper, gives the annexed discriminating notice of our future Governor. The writer is an old resident of Sacramento and is thoroughly acquainted with the subject of his comments:

The new man is evidently the favorite, so far, for the office of Governor. There is nothing brokneyed about him, or his speeches. He is so young, so fresh, so generous toward his opponents, and still so manly and so manifestly careful of doing honor to himself, his friends, and the high office he aspires to, that he awakens interest and kindles enthusiasm everywhere. He has it within the prestige of success. In fact he cannot be defeated. All the shameless indichtions of popular favor which followed the present Governor four years ago, now gather about the person of Newton Booth. He has been in no position to make enemies. He has no faulty record to be brought against him. He has a united party in support of him. The auspices are happy. The omens are favorable. There is no gloom in the sky. There is no muttering of a storm on the sea. The sober tinting of the landscape is brighter by several touches than usual. And all the indications are, that we are to have a fair field, well fought, and handsomely won, by the Republican leaders. We take pleasure in saying this, because we believe this will be best for the material, social and moral well-being of the State. We believe Booth will do much to elevate and purify our politics. We hope his party will be both willing and able to sustain and cheer him.

FINANCE AND COMMERCE.

TUESDAY EVENING, August 10, 1871.

Gold in New York, 112⅜; currency, buying, 89¾; selling, 90; exchange on San Francisco, coin, par; currency, ⅛ per cent. prem.; on New York, 1⅛ per cent. prem. Telegraphic transfers on New York 1¼@1½ per cent. prem.; on San Francisco, ½ per cent. prem.

Steamer *Orizimba* sailed from San Francisco to-day, due here on Monday.

Steamer *Guard. Wright*, to arrive from San Francisco will change hands to-morrow, and will take the place of the *George S. Wright* on the Sitka route.

Steamer *Constantine* sailed this evening, with cargo of produce and passengers for San Francisco.

The money market presents no new feature since last review. Remittances from Victoria and Puget Sound are liberal. From the agricultural counties remittances are light. The scarcity of coin, which has been seriously affecting sales of real estate, still continues, but for all legitimate business purposes, all bank customers can be accommodated. It is a little singular, that all reports from leading cities East and also in California, state there exists a superabundance of money in those cities, that in this city loans, giving the best of security, are difficult to negotiate, even at rates over 1 per cent. per month. Soon the grain crops will require moving, when the demand will be very great, and unless our bankers and grain purchasers have some hold to one side, they will have to make shipments of coin from San Francisco. It is thought by some the scarcity of coin is more imaginary than real, and caused by stop speculations in real estate, so as to meet the actual requirements of traders to move the wool clip and grain crop. If that is the case, they regard the tendency to obtain good rates of interest.

The volume of business transacted the past week under review had been large. The leading merchants have been free purchasers, and it is safe to say they will continue to do so until winter. There are several large orders to fill for Puget Sound and Victoria upon arrival of steamer *California*. The amount of business transacted in Portland is much greater than any person, not personally cognizant of the facts, would think. One firm informs us they sold, within thirty days, 5,000 kegs Island sugar. This is independent of refined sugars. No statistics of the imports and exports have been kept, so we are unable to give any, but we will be able to print statistics every month, as we are keeping the same. There has been no great change in any article. Oils, both lubricating and burning, are still unsettled in prices. Sugars are stiffening, with an advance in one grade. For wheat prices cannot be called settled, as shippers will not buy much if any, at present price, and therefore prefer waiting until millers are filled, as the high rates of tonnage asked by ship owners preclude their purchasing for immediate shipment.

Since writing our market review it has been raining: if the rain is general throughout the interior it will do considerable damage to the wheat crop, provided it continues one or two days.

MARKET REVIEW.

BREAD—Bakers sell all they can make at the following rates: Soda, pienic and butter, 7c; hard bread, 8½c; pilot, 6c; sugar, 9c; ginger snaps and Jenny Lind, 11c.

FLOUR—There has been a steady local demand at current rates. The exportations for the week were 1,173 barrels; receipts have been fair. Extra—extra standard brand, $6; outside brands, $5 50; superfine, $5@5 50.

WHEAT—The cool weather we are experiencing is decidedly favorable to farmers, whose harvesting is now on hand; receipts have been fair. The ruling price is $1 per bushel, with not a very active demand at that figure, as it is too high for shippers.
